

2nd TEM CONFERENCE on

"Local Development: Innovation, Tourism and Place Branding"

Bard (AO) - 7 - 8 June 2018 - CUP B66D17000020005

The **University of Aosta Valley** and the **University of Savoie Mont Blanc** are pleased to announce the second **TEM Conference on local development: innovation, tourism and place branding**. The event, organised by the **Transborder centre on Tourism and Mountain Economies (TEM)**, aims at gathering together scientists coming from different fields such as economics, marketing, business administration, and law.

Scholars interested in the event are invited to submit an abstract to www.xtem.org by 15 April 2018. Selected abstracts will be notified to the authors by 27 April 2018. The conference will be held at [Forte di Bard](#) (Bard, Italy), one of the best examples of early 1800 military strongholds. The participation to the conference is free but accommodation and meals are excluded. During the event, it will also be possible to visit the fortress and its current art exhibitions. Moreover, participants could try [bouldering](#), a form of rock climbing that is performed on small rock formations or artificial rock walls without the use of ropes and/or harnesses.

For more information regarding the registration procedure, visit www.xtem.org or contact TEM@univda.it.

The programme of the Conference is listed in the table below.
